

## National Respiratory Audit Programme (was National Asthma and COPD Audit Programme)

<b>UPCARE: 0.01</b> <b>Programme name -</b> <b>please do not change</b> <b>this field.*</b>	National Respiratory Audit Programme (was National Asthma and COPD Audit Programme)
<b>0.02 Workstream name</b> <b>(if applicable) - please</b> <b>do not change this</b> <b>field.*</b>	Pulmonary Rehabilitation
<b>0.1 Contract status</b>	Ongoing
<b>0.2 Audit or non-audit</b>	Audit
<b>0.3 HQIP</b> <b>commissioned*</b>	Yes
<b>0.41 HQIP AD</b>	JC
<b>0.42 HQIP PM</b>	SB
<b>1.0 Included in current</b> <b>NHS Quality Accounts*</b>	Yes
<b>1.1a Geographical</b> <b>coverage - HQIP</b> <b>agreement*</b>	England; Wales
<b>1.2a Topic - please</b> <b>select which ONE of</b> <b>the following best</b> <b>describes the topic</b> <b>area for the</b> <b>programme or</b> <b>workstream. If more</b> <b>than one apply, please</b> <b>select 'Other' and add</b> <b>comment to the next</b> <b>question.*</b>	Respiratory
<b>1.3a Healthcare</b> <b>setting*</b>	NHS community care; NHS secondary or tertiary care
<b>1.4a Does your patient</b> <b>cohort include the</b> <b>following?*</b>	Adults (18 and older)
<b>1.4b Inclusion and</b> <b>exclusion criteria*</b>	<b>Include patients:</b> <ul style="list-style-type: none"><li>• Who attend an initial assessment for pulmonary rehabilitation</li></ul>

- who are 18 years or over on the date of assessment
- who have read the patient information sheet and **provided consent** (written or verbal) on the audit consent form or via the required verbal consent process-

Patients to be included in the audit are patients referred with a respiratory condition of COPD, asthma, bronchiectasis, interstitial lung disease, long COVID, pre/post thoracic surgery (including lung cancer/LVR/lung transplant), pulmonary hypertension, chronic heart failure, other chronic respiratory disease.

## 1.5 Methods of data submission\*

Bespoke data submission by healthcare provider

### 1.6a 2023/24 data submission closes - please indicate date, series of dates or frequency.\*

#### ***Pulmonary Rehabilitation***

For an annual cohort NRAP have in place quarterly data submission deadlines. These quarterly data deadlines started in conjunction with the new contract 01 June 2023.

Data submission deadline for the cohort:

01 April 2023 to 30 September 2023 - 02 February 2024

01 October 2023 to 31 December 2023 - 03 May 2024

01 January 2023 to 31 March 2024 - 02 August 2024

### 1.6b 2024/25 data submission closes - please indicate date, series of dates or frequency.\*

#### ***Pulmonary Rehabilitation***

For an annual cohort NRAP have in place quarterly data submission deadlines.

Data submission deadline for the cohort:

01 April 2024 to 30 June 2024 - 01 November 2024

01 July 2024 to 30 September 2024 - 07 February 2025

01 October 2024 to 31 December 2024 - 09 May 2025

01 January 2025 to 31 March 2025 - 08 August 2025

### 1.6c 2025/26 data submission closes - please indicate date, series of dates or frequency.\*

#### ***Pulmonary Rehabilitation***

For an annual cohort NRAP have in place quarterly data submission deadlines.

Data submission deadline for the cohort:

01 April 2025 to 30 June 2025 - 07 November 2025

01 July 2025 to 30 September 2025 - 06 February 2026

01 October 2025 to 31 December 2025 - 08 May 2026

01 January 2026 to 31 March 2026 - 07 August 2026

### 1.6d 2026/27 data submission closes -

#### ***Pulmonary Rehabilitation***

For an annual cohort NRAP have in place quarterly data submission deadlines.

**please indicate date,  
series of dates or  
frequency.\***

Data submission deadline for the cohort:

01 April 2026 to 30 June 2026 - 06 November 2026

01 July 2026 to 30 September 2026 - 05 February 2027

01 October 2026 to 31 December 2026 - 07 May 2027

01 January 2027 to 31 March 2027 - 06 August 2027

## **1.7 Data flow diagram**

[pr\\_data-flow\\_v30-december-2024-january-26-review.pdf](#)

Data flow diagram is uploaded within 'files' section.

## **1.8 Data quality & analysis plan**

COPD, adult asthma, Children and young people's asthma and PR

The audits are currently running continuously. The audit datasets will be reviewed and streamlined annually. This will involve consultation (including with patients/carers), review of poorly completed/highly burdensome items, and reappraisal of the evidence.

Comprehensive validation rules are built into the web-tool to ensure that incorrect, conflicting and/or illogical data cannot be saved. Pop-up warnings appear for values that are plausible, but rare. There should be no missing data, as all questions are 'mandatory' and records cannot be locked until all data items are completed. If sites attempt to lock an incomplete record, a pop-up appears, directing them to the incomplete fields.

[sotn\\_methodology\\_v1-may-2025.pdf](#) - combined report methodology report

## **1.9a Link to the outlier policy\***

[NRAP outlier policy v1.1](#)

## **1.9b Link to the cause for concern policy\***

*Not applicable.*

*NRAP does not operate a cause for concern policy due to no current identifiers that are regularly reported categorised as cause for concern indicators. NRAP continue to review the HQIP cause for concern guidance - [NCAPOP-Cause-for-Concern-Guidance-Final-E-and-W-Feb-2019.pdf](#). NRAP apply the outlier policy as listed in Q1.9a, and escalate outliers inline with HQIP guidance and NRAP policy.*

## **2.1 Outcome measures**

N/A

## **2.2 Process measures**

Pulmonary Rehabilitation

Reporting KPIs via regional reports and benchmarking tables

- Start date for pulmonary rehabilitation (PR) offered within 90 days of receipt of referral for all people referred
- People undertake a practice exercise test (for incremental shuttle walk test (ISWT) or six-minute walk test (6MWT))
- People enrolled for pulmonary rehabilitation (PR) go on to have a discharge assessment

- A written individualised discharge exercise plan is provided as part of discharge assessment
- One walking test Minimal Clinical Importance Difference (MCID) achieved
- At least one health status questionnaire Minimal Clinical Importance Difference (MCID) achieved

New run chart info:

- Walk test provision- present the number of patients in receipt of walk tests at both initial and discharge assessment depending on the type of programme they were enrolled onto (home, centre or hybrid based). It aims to identify where services are not providing evidence-based care.
- MRC score- to present the number of patients who a) have an MRC score recorded at both initial and discharge assessment and b) see an improved MRC score at discharge assessment.

### **2.6a Do measures align with any of the following sources of evidence (select all that apply)**

Professional society; NICE clinical guideline; NICE quality standard

### **2.6b Evidence supplemental information**

Pulmonary rehabilitation

*Clinical guidance*

- British Thoracic Society (BTS) quality standards (QS) for pulmonary rehabilitation in adults (2014). QS1b: If accepted, people referred for pulmonary rehabilitation are enrolled to commence within 3 months of receipt of referral.
- BTS QS for pulmonary rehabilitation in adults (2014). QS8: People attending pulmonary rehabilitation have the outcome of treatment assessed using as a minimum, measures of exercise capacity, dyspnoea and health status.
- BTS QS for pulmonary rehabilitation in adults (2014). QS8: As above. QS9: Pulmonary rehabilitation programmes conduct an annual audit of individual outcomes and process.

- BTS QS for pulmonary rehabilitation in adults (2014). QS7: People completing pulmonary rehabilitation are provided with an individualised structured, written plan for ongoing exercise maintenance.

Quality standards - <https://www.brit-thoracic.org.uk/document-library/quality-standards/pulmonary-rehabilitation/bts-quality-standards-for-pulmonary-rehabilitation-in-adults/>
