Catching our breath – clinical audit report 2023/24 erratum

Version 1.0 – June 2026

Update: 25 June 2026

Version 2 of the COPD ‘full service-level data file’ was published on 25 June 2026, following an original publication date of 12 June 2025. This version corrects an error in the calculation of NEWS2 scores.

- The total number of patients with a low or low/medium NEWS2 score has changed from 8,581 to 28,755, and the percentage has changed from 13.1% to 44%.
- The total number of patients with a medium NEWS2 score has changed from 506 to 15,671, and the percentage has changed from 0.8% to 24%.
- The total number of patients with a high NEWS2 score has changed from 51,843 to 16,504, and the percentage has changed from 79.3% to 7.8%.

Service-level data for these scores has also been updated in the datafile.

All data published within the report itself remains unaffected.
